

Product Summary

Jobcentre Locations GB is a data product that contains point locations for Department of Work and Pensions (DWP) jobcentres in England, Scotland and Wales.

The data product has been compiled from addresses and other information disclosed by DWP in March 2023 in response to a Freedom of Information request. A copy of the FOI release and correspondence is included in the Docs folder.

Output Area statistical codes for each jobcentre have been appended based on postcode locations, using the [February 2023 release of the ONS Postcode Directory](#). There are no Census 2021 OA codes for locations in Scotland.

Data methods and quality statement

Datadaptive has taken reasonable care in compiling and preparing the data. However, the accuracy and currency of the data is dependent on the source data.

NOMIS codes are missing for seven jobcentre locations.

Postcode TR1 8AF in the source data for jobcentre 03548 has been corrected to TR13 8AG. Postcode NP13 1XG in the source data for jobcentre 09871 has been corrected to NP13 1YG. Postcode LL1 1BW in the source data for jobcentre 09886 has been corrected to LL11 1BW.

The data does not include REEP (Rapid Estate Expansion Programme) temporary jobcentres.

As of March 2023, there are some inconsistencies between the information in the DWP source data and the jobcentre addresses available from DWP's '[Find your nearest office](#)' service.

Data formats

The data is supplied as a table in CSV format, and as geocoded point data in ESRI Shapefile and GeoJSON formats with the WGS84 projection.

Licensing

The data may be re-used under the terms of the [Open Government Licence 3.0](#).
